We will become a vital line in our customers and suppliers business, innovation, integrity and values for money are our mandates. Cargo Logic is the fastest growing forwarding agents in Global Market with substantial presence in Sea, Air, logistic and combined transport services. Armed with our wealth of experience and expertise, we provide complete “ one-stop shop” international transport service for import and export requirements by Land, Sea, Air, Rail and Combined freight Worldwide .

Services We Provide

We offer a full range of freight forwarding & logistics solution to our wide range of customers. Either it is air freight or ocean freight. Cargo Logic is fully equipped to handle and execute any type of shipment from point of origin to point of destination. **NO SHIPMENT IS TOO SMALL OR TOO BIG** for us so we proudly say that we are a “CAN DO” company. Our services can be scaled and customized to your needs based on market conditions, such as the demands and delivery service requirements for their products and materials. Cargo Logic offer customers advanced value-added services for your business.

AIR FREIGHT

We offer the best tailor made solution for your air cargo after careful analysis of the job requirement. Whether it is an air export or import shipment, we have the in depth knowledge to build up the best solution for the customer.

- Air export and import freight forwarding from Islamabad, Lahore, Karachi and Peshawar airports
- Air export and import door to door service
- Air charters
- Air consolidations for export and import cargo through our network of worldwide agents
- Dangerous Goods shipments handling

OCEAN FREIGHT

- Project cargo handling
- Oversized, project cargo and special equipment handling

- Ocean export and import freight forwarding from Karachi port (all associated terminals) and from Islamabad, Lahore, Sialkot, Faisalabad and Peshawar dry ports for LCL and FCL shipments
- Ocean export and import door to door service for LCL and FCL shipments
- Ocean charters
- LCL consolidations for export and import shipments

ROAD FREIGHT

Our selection of road freight service offerings includes shared or part loads often referred to as breakbulk transport, these loads are consolidated with other cargo in order to reduce shipping costs. We also offer Full Truck Loads, commonly referred to as bulk transport or linehaul, where dedicated trucks are allocated directly to transporting your goods.

With Cargo Logic, you get quick access to a wide range of delivery routes and transport providers at the drop of a hat. Our platform provides you with total control and flexibility to scale on demand with hundreds of shipping companies who specialize in local, long-distance, and cross-border deliveries.

CUSTOM BROKERAGE

We have the full capability to get your export and import cargo custom cleared from Islamabad, Lahore, Karachi & Peshawar airports for your air freight cargo and from Karachi Port terminals for your sea freight. Either it is a commercial shipment or a project cargo, we have the resources and expertise to handle it smoothly.
